Vanilla Bean Ice Cream with wafers

RESCUE RANCH MISSION

To nurture the dogs in our care while we find them loving and caring families. Our vision is that no adoptable pets will be killed in Northern California due to lack of shelter space or for treatable medical conditions.

RESCUE RANCH PROGRAMS

Ask us about:

Seniors for Seniors

Kitu's Fund

Fostering

Volunteering

Rescue Transport

Education (Classroom, Senior Projects)

At shelter and in-home dog behavior assistance

Community Pet Food Bank

Other Ways You Can Contribute to our Mission

Dog Boarding Services

Rescue Ranch Thrift Store, Yreka

Amazon Smile

At Rescue Ranch we believe that working together to support companion animals will improve the quality of life for all in our communities. We thank you for your attendance at our first annual Gala. Your donations improve the quality of life for many companion animals.

The Onsite Veterinary Clinic & Surgery

Since 2015 we have rescued, nurtured, and re-homed over 400 puppies. The quarantine units in the clinic will provide a quiet place for nursing puppies and their moms. This will not eliminate our puppy foster program but will provide more space and back up care for our puppy foster families.

Dolly puppies, winter 2017

Having an on-site spay & neuter facility will enable us to rescue and re-home many more dogs by reducing travel time and time necessary to be ready for adoption.

The clinic will allow for dogs to have a quiet space for post surgery rehab.

Aria, burn victim, Mt. Shasta Animal Hospital, 2018

Heather & Margaret flea combing hoarding case puppies, 2017

The clinic area will allow us a larger bright space for general care of our shelter dogs. Care such as routine vaccinations, heartworm tests, special medications, and changing bandages can be done in a quiet and dedicated space.

Dogs new to the shelter can be kept separate from the larger general shelter population. It allows them a place to de-stress and minimizes risk to resident shelter dogs.

General shelter kennels

LOW COST 
Spay/Neuter
CLINIC

Looking to the future we are hoping to provide low cost spay/neuter and vaccinations for the pets of Siskiyou county residents as well as other rescue groups and spay/neuter organizations. With the support of our community, and by applying for and receiving grants, this goal could become a reality.

Your donation will go directly towards the realization of our dream to build a veterinary clinic at the Ranch.
